Education:

Sri Dadaji Institute of technology and Science khandwa : 1st Year CGPA: **7.50/10**

Jawahar Navodaya Vidyalaya Khandwa,

Class 12th, CBSE Board

2024

Aggregate:-**82.2%**

Career & growth Objective :

"I am Computer Science student focused on backend development and data structures. Building projects and strengthening problem-solving skills through consistent practice and real-world implementation. "

Experience

College web Development Internship| Summer

August 2025 - Oct 2025

- Learned and explored hands'on experience on frontend with HTML, CSS and JavaScript .
- Able to understand basics of browser and its working like DOM Tree and DOM Manipulation.
- Created a working calculator web app , Multistopwatch (Partially by self), static length converters, currency converters , visit : [link](#) hosted on vercel supports CI/CD

College Python and Python libraries 2026

- Hands on practiced Object oriented paradigm of python.
- Exception handling , custom exceptions raising and handling,
- File handling & know basic use cases of built-in modules , packages and standard python library and External library .
- I shipped and pushed all the code on GitHub using git workflow on py-labs repository visit : [py-labs repo](#) , specially

Smart India Hackathon 2025,

- Researched and created presentation on Smart Village and Health Monitoring System.

Achievements

- Active on @leetcode and @HackerRank for real world Coding
- Former NCC cadet and currently in NSS.
- Decent Typing speed 45+ WPM ,

Projects

1. MultistopWatch ,
 - Idea : We could not use multiple stopwatches as Timers in most of the phone.
 - Hosted on : [Vercel](#)
2. Calculator Web app :
 - Hosted on : [vercel](#)
3. Email validator ,
 - Created and designed a email validator .
4. Text to Speech ,
 - Using an External library without directly calling APIs

Technical Skills

Languages, Libraries: C, C++, HTML5, CSS, JavaScript I, Python, some built in libraries and Data Structure.,

Developer Tools and Technologies: Git, GitHub, Linux (termux)

Databases: MySQL
